

# CropKarb Cotton, 2018

Gates County, NC  
Test Plot

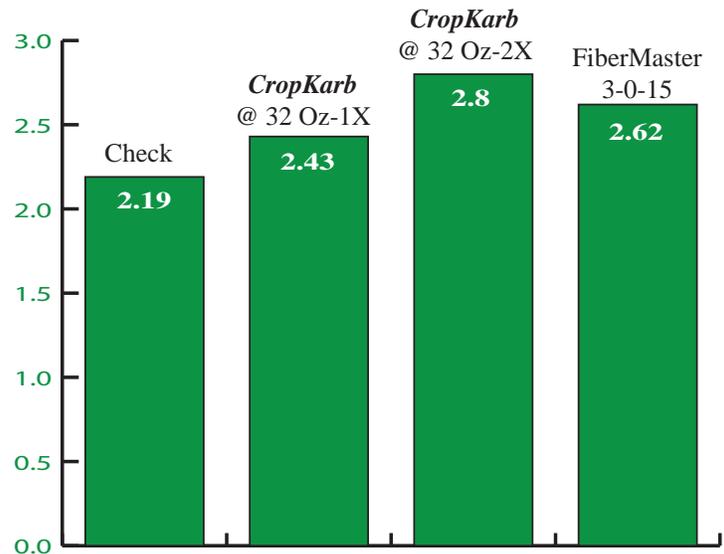

All Plots Harvested By Hand

This cotton was measured 10' in each section and hand picked to get weight due to an oncoming hurricane impairing the chance to get back to the field before the hurricane hit this area.

Note: All cotton received applications of *Seed Coat, PercPlus* @ 24 Oz, and 3 applications of *Boron Plus* @ 4 Oz
